

Farmer Todd Produce Box (Community Supported Agriculture—CSA)

Frequently Asked Questions

How much produce will be in my Produce (CSA) Box?

The produce in your CSA box each week depends on the Box that you choose. Typically, our small produce box (family of 2) can feed 2 adults. We recommend our large produce (family of 4) for families with more children or older children (that like vegetables!).

Can I choose what produce goes into my box?

No. The produce that comes in your share each week depends on what we have in season at that particular time. Some things like cucumbers, squash, and zucchini will remain the same but others like strawberries, okra, green beans, corn, and blackberries will switch as we progress in the season.

I don't like a certain produce; can I exchange it?

CSA boxes are set each week and exchanges are not allowed. Sorry!

Can I send a friend/family member to pick up my box?

Of course! If you decide you cannot pick up on a particular date, your friends/family members are more than welcome to pick up your share. Just remember that they will request the share under YOUR last name!

I forgot to pick up my box on my designated day; can I get a new one?

CSA boxes are held until 6pm. After this time, they will be given to a local charity or someone in need and new boxes cannot be made.

Will the same thing be in my box each week?

Not always! You will more than likely see tomatoes, zucchini, and squash each week. But things like strawberries, blueberries, blackberries, green beans, okra, corn, and much more will switch throughout the season.

Can I come to pick up my box early/on a different day?

Pick up time is every Tuesday at the Peanut Stand 3pm to 6pm or Wednesday at the farm from 8:00am to 6:00 pm. Due to the high volume of participants we have, we cannot allow early pick-up. .

How long does the CSA Program last?

Our CSA Program lasts 12 weeks divided into a Spring and Summer Season. The 12 weeks that we choose are our “peak” weeks during the spring/summer. During these 12 weeks we expect to be harvesting the majority of our produce.

When does the CSA Program start? When does it end?

The Spring CSA Program (2024) starts Tuesday, May 14th and ends Wednesday, June 19th.
The Summer CSA Program (2024) starts Tuesday, June 26th and ends Wednesday, July 31st.

I missed last week (without notification), can I just have two this week?

Unfortunately, without notification, we cannot allow you to have two boxes. This means we would be taking away a box from someone else!
